

Norfolk Race Meet Features Eastern Athletics Western High

Claims Bill Kenworthy Is Star, and Not a Dub

Johnny Beall, His Team-mate, Drafted by Cleveland Club, Has a Few Kind Words to Say.

Other Sport Comment.

JOHNNY Beall, former school-boy star of Washington and heavy hitter of the Western League, who has been drafted by the Cleveland Naps, has a lot of nice things to say about Bill Kenworthy, the outfielder purchased by the Nationals from Denver during the fall end of the 1912 season.

"Kenworthy," declares Beall, "is one of the best-looking young ball players I ever saw, and I was surprised that he did not create more favorable impression in Washington. When Kenworthy was ordered to report to Griffith he did not want to go, for he was in the midst of a horrible batting slump and feared that he would not be able to do himself justice. This may account for his mediocre showing; but take it from me, that boy can hit, and if Griffith lets him go without a good trial this spring he will be sorry."

Beall and Kenworthy played on the same club. The first-named has twice been tried out by Chicago and both times sent back.

Cleveland Lands Him.

During the past summer his work attracted the attention of the Cleveland scouts and he was recommended for the draft. The Naps landed him and if Johnny gets away to a good start in the spring, he will more than likely land a regular job.

Johnny Beall is probably the best looking young ball player who ever left Washington. He was a star at Technical High School and in semi-professional ranks. A big, rangy chap, who can hit "em a mile and when in condition fast on the bases, he has virtually led the Western League in hitting during the past three years. The Chicago White Sox tried him out, but he could not get into condition quickly enough to warrant carrying him on the payroll of the club, and he was shipped to the minors.

"I am kind of another chance to show what I can do in the big show," Beall says. "I feel confident that I will stick this time."

Want Griff's Cast-offs.

Cy Macdonald, former Georgetown star, employed in one of the local sporting goods stores, who has just returned from a business trip in Virginia, says he spent some time in the cities where Virginia League franchises are held, says that the managers of the various Virginia League clubs will all call upon "Griff" Griffith, of the Nationals, this winter and spring, hoping to carry some of the talent which will be cast aside after the "Old Fox" winds the pruning knife. He is believed to be a member of the Griff, and possibly others will not be able to stand the staff, and that Griff can be induced to part with them.

According to Macdonald, several of the Virginia League managers will take frequent trips this spring to Washington, for the purpose of looking over many of the so-called star amateurs of the District.

Ayres Playing Football.

Doc Ayres, the big twirler, who made such a sensation in the Virginia League last season, and who was signed up by the Nationals upon the recommendation of Jack Ryan last September, is playing football with a medical college eleven in Richmond.

Ayres, according to many Washingtonians, who have seen him work, has a fine chance to make good with the Nationals. He is said to be a member of the Griff, and possibly others will not be able to stand the staff, and that Griff can be induced to part with them.

The American League's Meeting.

Unless plans are upset, the American League will hold its annual meeting at Chicago instead of New York. The date for the gathering is December 11. President Johnson was undecided as to where the meeting would take place. It is now stated, however, that the American League managers will hold their annual session at Chicago.

This will knock out a lot of plans and will prevent the Boston club from giving a banquet which would rival, in the matter of big baseball men present, the one which the Athletics gave at the Hotel Astor last December to celebrate the winning of the world's championship.

Should the American League managers meet in Chicago on December 11, the National League will be holding its annual gathering in New York at the same time. This would split up the baseball party and would make the celebration a one-league affair.

Sherman Registers a Kick.

Frank Sherman, the Washington pool crack, who was defeated by De Oro in New York last week in a world's championship match, has returned to Washington and claims he did not get an even break.

In all the years Sherman has been playing pool and billiards he has never claimed as a squealer, never offers excuses unless he feels justified, and the kick he registers against the match last week would seem to be justifiable.

In discussing the matter with the writer Sherman said:

"I was the victim of an unfortunate decision which was greatly responsible for my defeat. It happened early in the second night's play, when I had the balls in position for a good run and called the 'two' ball. The referee at that time was not paying strict attention to the game and did not help the

GEORGETOWN TEAM SHOWS STRENGTH AGAINST M. A. C.

Hilltop Eleven in Better Shape Right Now Than Prior to Indian Game.

FAVORITE IN COMING BATTLE

With a team that is without the slightest doubt stronger to-day than it was the day that it met the Carlisle Indians, the Georgetown University eleven will enter the Virginia game next Saturday afternoon the decided favorite from every standpoint. With a defense that is undoubtedly better coached, in better physical condition, and in every way stronger and better able to check the offensive tactics of their opponents, the Blue and Gray should prove themselves capable of covering the Virginia backs without endangering their goal line at any time during the game.

As far as the Hilltop backfield is concerned, there is little question that with such men to advance the ball as Furey, Costello, Dunn and Murray, there is no one who is in any way connected with the gridiron sport or who knows anything about the past records of these men who can doubt that the Orange and Blue defense will be pushed to the last notch if they are to hold the local men in check.

Judging from the past records of the two teams, it would seem that Georgetown should be able to triumph over their southern rivals by about eighteen points. It may be pointed out that Virginia made a good showing against Vanderbilt when these two eleven met at Nashville, but it has been stated that very authentic sources that the Vanderbilt team did not wish to extend themselves against Virginia on account of the game with Harvard that was booked for such an early date after that on which Vanderbilt met Virginia.

That this rumor has considerable truth in it is very possible for it is not very likely that the champions of the South would have chosen to play a sure marker, but that some old all-time fumbles, dropped up and Paul Cobhill's great kick, which was the only one of the season, were not enough to prevent the Hilltop team from being victorious in every instance, but one, and taken from a matter of fact standpoint the Blue and Gray deserve the greatest credit for their playing against the Carlisle Indians which was the only team to take the measure of the Hilltoppers so far this season.

Against the Red men the Blue and Gray have been the only team in the country, including Harvard and all the other big colleges in the East, to run up a score of twenty points in the last two years.

In every other game this year Georgetown was superior to their opponents that the games were of little interest to the spectators and could not be counted on to give a test of the Hilltoppers' strength. With all these points taken into consideration and the records of the two teams for this season together with the present strength of the two eleven considered, it is hard to see just how Virginia will be able to win Saturday's game. However, "where there is life there is hope," but it is generally pretty hard to force a life when the conditions are anything but favorable.

In the scrimmage against M. A. C. yesterday afternoon the Georgetown eleven proved itself to be in excellent condition for the coming battle with Virginia next Saturday. Although no regular game was played yesterday afternoon, and even the rules on downs were not observed, the practice was sufficient to demonstrate to some extent the strength of the Blue and Gray eleven. Practically able to gain through their opponents' line and around their ends at will, the Hilltop offensive tactics look to have been perfected sufficiently to cope with any eleven in the East. On the defensive the Blue and Gray warriors held their opponents thoroughly in check and did not allow them to make first downs once, although the visitors scored two touchdowns, one on a play down and even more than that, and there were unable to make the necessary distance.

White at tackle is without the slightest doubt one of the strongest men that the Blue and Gray have ever had in their line. On the defensive the former full back is a tower of strength and seems to be invulnerable to any attack. A play is hurried against him. On the offensive Dave can be depended upon to open holes through which the Blue and Gray backs should have little trouble in making very substantial gains.

MACK GRABS ANOTHER.

Athletics' Manager Gives Up Two Players for Pete Daily.

Milwaukee, Wis., Nov. 12.—The National Association of Professional Baseball Leagues, composed of 132 magnates owning the teams in the forty-seven minor leagues, met here to-day in their eleventh annual session for the purpose of conducting routine business as well as settling disputes that have arisen over the trades, sales or drafts of 132 players, either by the major league organizations or the clubs.

This organization, which was formed for the purpose of obtaining interests in the major leagues, has become a factor in the baseball world.

The meeting, it is expected, will last several days.

Connie Mack, manager of the Philadelphia Athletics, made the first trade of the meeting to-day. He traded Crabb, the young pitcher who worked in the game for the White Sox, and Jagger, infielder, for Pete Daily, an outfielder with the Los Angeles Club, of the Pacific Coast League. The trade goes into effect immediately, and Crabb and Jagger will go to the Coast, while Daily will report to the Athletics in the spring.

Penny Works Hard.

Philadelphia, Nov. 12.—Warm weather tended to slow up the practice of the Pennsylvania football eleven this afternoon although all the regulars were in uniform except Craig and Chandler, both of whom are nursing minor injuries. In the hope of injecting some life into the Quakers Coach Andy Smith jumped into the scrimmage and played half back on the varsity team. The varsity only scored two touchdowns, both by Henry, while the scrubs crowned the varsity line on a 70-yard run by Sebach after intercepting a forward pass.

The varsity showed some improvement, particularly on defense while the scrubs tore up the scrubs almost at will.

EASTERN TROUNCES WESTERN ELEVEN IN SCHOOL SERIES

Cobhill and Smith Make Long Runs, Capitol Hill Eleven Winning, 33 to 0.

FULLER PLAYS A GOOD GAME

Eastern swamped the Western High School eleven yesterday in the scholastic series, taking a 33 to 0 victory from the Red and White, at Union League Park.

Capt. Cobhill's aggressive start after the long end of the count at the start, and scored two touchdowns in less than five minutes of play. In the first half the Eastern eleven ran up 25 points.

Cobhill and Smith played sensational football for the Light Blue and White, the former tearing off two long runs, one of 60 and the other a 45 yards, while Mawley stepped off 10 yards twice in the first period for touchdowns.

Howard is Out.

In the third quarter the Western outfit played Eastern to a standstill, and had it not been for a fumble, which was turned into an Eastern touchdown, Western would have been victorious. Western was minus the services of Buck Howard, the fighting half back, and this in a measure was responsible for its defeat. Howard was not allowed to play as he failed in his studies. Not one of the backs seemed able to stop Smith or Cobhill, with the result that end runs were pulled time and again for good results.

Fuller and Bethel deserve a world of credit for their pluck and fighting spirit. This pair of youngsters time and again smashed into the Eastern line for short gains, and in the third period Cobhill's carry after the Eastern 5-yard line, only to lose it on downs.

A neatly executed forward pass, by Western, Bethel to Fuller, netted the first touchdown for the Western team, and started what looked like a sure marker, but that same old all-time fumbles, dropped up and Paul Cobhill's great kick, which was the only one of the season, were not enough to prevent the Hilltop team from being victorious in every instance, but one, and taken from a matter of fact standpoint the Blue and Gray deserve the greatest credit for their playing against the Carlisle Indians which was the only team to take the measure of the Hilltoppers so far this season.

Bresnahan, It Is Reported, Will Manage Highlanders

New York, Nov. 12.—Roger Bresnahan, deposed manager of the St. Louis Nationals, was reported to-day to be the choice of owner Frank Farrell as manager for the New York Yankees next year.

IN CLOSE FINISH MISSION IS FIRST

Belmont Horse Captures Bowie Handicap at Pimlico from Favorite, Sotemia.

Baltimore, Md., Nov. 12.—In a thrilling finish with each horse doing his utmost to hold first place, Mission, belonging to Mr. August Belmont, and ridden by Ferguson, this afternoon won the Bowie handicap at two miles from the favorite Sotemia.

Mission was favored by the slow pace in the early stages and was under wraps the first mile, after which Ferguson let her down, and when Sotemia moved up at the far turn and challenged Mission and plenty left to fight it out all through the last quarter. The time, 2:28 1/4, was slow compared to other years.

The latter half of the race was a close finish, and when Sotemia moved up at the far turn and challenged Mission and plenty left to fight it out all through the last quarter. The time, 2:28 1/4, was slow compared to other years.

ARMY OF COACHES DRIVE YALE'S TEAM IN HOT PRACTICE

Varsity Shows Fine Defense When Hard Pressed by Scrubs in Scrimmage.

IN OTHER COLLEGE CAMPS

New Haven, Conn., Nov. 12.—High-water mark for all time in Yale coaching was reached to-day when a total of twenty-two football instructors were present, exactly enough to make two complete elevenes. The list allowed two to every member of the varsity and the drill was in consequence the most successful since the campaign for the Princeton game next Saturday was set under way two weeks ago.

For two hours the big coaching squad labored with a squad of players which they almost outnumbered driving them for three championship touchdowns as a result. But for two victory fumbles the stock of the team would have mounted because of the drill, but the regulars lost the ball twice on misplays, the scrubs grabbing it at the thirty-yard line. The bundle resulted in a splendid display of defensive power by the varsity and the scrubs fooled an attempted forward pass and failed to cash their advantage.

When it is considered that the varsity lacked their three strongest players, Flynn, Ketchum and Talbot the three corner backs who were quickly piled up looked encouraging. A steady march down the field followed each capture of the ball by the varsity.

Brickley Stars for Harvard.

Cambridge, Mass., Nov. 12.—The new formations Harvard is working on for the final two contests on its schedule got a thorough trying-out this afternoon, when both teams, A and B, engaged the second eleven in a lengthy warfare during which the motto was "Go Easy." Team A managed to make the sole score of the day on a field goal.

Needless to mention that Brickley turned the trick, and from his 25-yard line both varsity combinations sent their attacks hurtling at the second combination, but the scrubs giving them almost as good as they gave.

Trumbull, who has been out of the game since the Princeton game, returned to his regular place to-day. Capt. Wendell was taking no chances of reinjuring his ankle, and after five minutes of so left the game.

Cornell Braces Up Offense.

Ithaca, N. Y., Nov. 12.—The Cornell football coaches got under the varsity backfield and one of the most important features of a long practice was a scrimmage against the freshman eleven in which the varsity back field was in constant possession of the ball. Plays that were not used in the Dartmouth game were brought out and tried on the scrubs and the varsity made a number of consistent gains.

The attack is now considered as the most important problem. Hitherto it has been disorganized and ineffective and without purpose but with Butler back at the helm all the weaknesses there seemed to be more possession and force in the work of the backs.

Tigers Have Inspiring Work-out.

Princeton, N. J., Nov. 12.—To the time of the whirling, moving picture camera, the Tigers played a 3-3 game against their scrub team to-day. It was a close call for the regulars who faced a score of 9-8 in favor of the scrubs for some time and that in the next to the last scrimmage before the Yale game.

The scrubs played for an inspiring game, and the regulars were inspired to bring out all their wits in them that the "movie" man could not inspire. President Hibben followed the playing field in having the department players call for the regulars who faced a score of 9-8 in favor of the scrubs for some time and that in the next to the last scrimmage before the Yale game.
